Technical data

Model	Speedmatic Zefir
Article number	70060
Basic version	
Double side brush	•
Brush roller	•
Hour counter	•
Light package	•
Dry battery set	•
Integrated charger	•
Technical data	
Theoretical area performance	11,600 m ² /h
Working width with double side brush	145 cm
Working width without side brush	85 cm
Drive type	Electric
Speed forwards maximum	8 km/h
Incline maximum	16%
Emptying of dirt container	Hydraulic
Dirt container	150 l
Filter vibrator	Electric
Filter area	6 m ²
Filter material	Polyester
Battery capacity	240 Ah
Battery voltage	36 V
Battery life	up to 4 h
Total length	175 cm
Total width	115 cm
Total height	150 cm
Weight	536 kg
Additional products	
72100 Sweeping roller	1 pc.
71846 Side brush PPL	1 pc.
71845 Side brush PPL steel	1 pc.
71834 Road service approval	1 pc.

Speedmatic Zefir

For indoor and outdoor areas

11,600 m² Theoretical area performance

145 cm Working width

150 l Dirt container

up to 4 h Battery life

Speedmatic Zefir delivers on its promise of high productivity, easy operation and low wear, making it ideal for medium-sized or large areas. Thanks to its emission-free cleaning approach, top comfort is also ensured without compromising performance. This makes it ideal not only for outdoor areas but also for use in closed spaces.

High-performance cleaning quality

Ergonomic and comfortable in every last nook and cranny

Durable thanks to robust construction and reliable technology

Effortless servicing and simplified handling

Optimal sweeping results

The Zefir vacuum sweeper is equipped with two pivoting side brushes as standard which enable a sweeping width of 145 cm. Thanks to their pivoting function, the side brushes are protected against damaged and can reach every inch of the room.

Wide range of uses

The machine features a light package with front lights and flashing lights for enhanced security. The powerful drive enables you to manage ramps with an incline of up to 16%. With these features, Zefir offers a wide range of applications at any time of day.

Ergonomic top-loader emptying

Thanks to hydraulic top-loader emptying up to 150 cm above floor level, you can empty the debris container effortlessly into a container.

User-friendly and intuitive

The central driver position guarantees optimal visibility and control during operation. The inclined steering wheel and adjustable seat position adapt to your body size, making sure that you always have a clear view of the floor. Zefir offers ample storage space at the rear for added convenience.

Powerful filter system

Even in wet conditions, Zefir is a reliable companion. The polyester filter is resistant to damp debris.

Robust design

Thanks to its solid steel frame, Zefir is highly durable and reliable, which keeps maintenance costs to a minimum.

Effortless maintenance

Maintenance work is quick and simple: Clean the dust filter conveniently from the driver's seat and change the main sweeping roller without tools. In addition, the two side brushes are powered directly by maintenance-free electric motors.
